What is this “information”?

It is information – called “Customer Proprietary Network Information or “CPNI”- relating to the telecommunications services you currently are buying from us.

How can we use this information?

This information can be used to advise you about innovative communications services or new communications technology and products. We **DO NOT** sell or in any way provide this information to any other company other than the 911 records we are required by law to provide if you are a telephone customer.
